Greetings:

Perry Township has had the pleasure of using Van Valer HVAC & Home Services for repairs and replacements in our government facility for some time now. They have completed heating, cooling, plumbing & electrical work on various projects.

Thus far we have found the work to be professional and accurate. Their staff has been responsive & respectful, and has been able to meet tight timelines and bring projects in at or below initial estimates.

We would highly recommend their firm and their staff to you for your consideration.

Should you have any questions or concerns please feel free to contact me at any time.

Respectfully,
